FIRM OVERVIEW

Founded in 1942, I. C. Thomasson Associates (ICT) is an employee-owned, multidisciplinary engineering consulting firm providing expertise in mechanical, electrical, controls, plumbing, fire protection, information technology, energy efficiency, and environmental services. ICT is licensed to provide professional engineering services in all 50 states.

ICT is a mechanical, electrical, and plumbing consulting engineering firm providing functional and sustainable designs for building infrastructure and systems, ensuring safe and comfortable spaces for the building occupants.

OUR MISSION

ICT serves to create a designed world that is smarter, healthier, and more sustainable.

Interning at I. C. Thomasson

OUR MISSION

At ICT, we work hard, play hard, and give harder. Our family culture thrives off balancing hard work with good memories and charitable activities. Fostered engagement amongst our teams builds an environment of collaboration and well-being.

WHY INTERN AT I. C. THOMASSON?

Internships are an excellent way to provide students with an opportunity to develop real-world skills in an environment that encourages personal and professional growth.

At ICT, we accept interns from accredited design schools in mechanical engineering, electrical engineering, mechatronics, and engineering technology. After the internship, many interns have been offered continued employment as full-time employees after graduation!

HOW TO APPLY

If you are interested in an ICT's internship, please reach out to our HR Business Partner (information below).
